

OHIO'S ELECTIONS ARE SECURE

VOTING EQUIPMENT IS CERTIFIED

Federal & state bipartisan experts test, examine, and certify all voting equipment as secure.

The U.S. Election Assistance Commission

Ohio Board of Voting Machine Examiners

SAFELY STORING VOTING EQUIPMENT

Ballots, machines, and election data are all stored behind double locked doors that may only be accessed when unlocked together by Republican and Democratic election officials.

TESTING

Before voting begins, voting machines and tabulators go through logic and accuracy testing to ensure they work properly and have not been manipulated.

Voters in more than half of all Ohio counties utilize paper ballots, not voting machines, to cast their vote.

All electronic voting machines in Ohio have a voter-verified paper trail.

Ohio's voting machines and tabulators are never connected to the internet.

VOTER LIST MAINTENANCE

Per federal and Ohio law, Ohio has a robust voter registration list that goes through a regular maintenance process to ensure out-of-date and abandoned registrations are removed from the voter rolls.

Every voter can track the status of their ballot just like a package at VoteOhio.gov

VoteOhio.gov

To vote absentee, a ballot **MUST** be requested by a voter. Ohio does not send absentee ballots to every registered voter.

BALLOTS STAY SECURE

Each of Ohio's 88 county boards of elections has **TWO REPUBLICAN** members and **TWO DEMOCRATIC** members. Any handling of ballots or voting equipment must take place by bipartisan team of election officials.

All precincts are staffed by a bipartisan group of poll workers and open to the media and poll observers.

AUDITS ENSURE ACCURACY

After Election Day, boards reconcile voter lists and ensure no votes were counted twice. Any attempts to do so are referred for prosecution.

After an election, every county conducts a post-election audit. All audits are open to the public.
