DIRECTIVE 2007-10

June 13, 2007

To: County Boards of Elections

Re: Initial filing of petition on proposed referendum on Sub. S.B. 16

Pursuant to R.C. 3519.01(B)(1), a petition was filed in this office by persons seeking to file a referendum petition against Sub. S.B. 16 of the 127th General Assembly. Enclosed are part petitions containing signatures that must be examined to determine the number of registered voters who signed each part petition. Please read this directive and the accompanying instructions carefully before you start your examination of the signatures.

Checking the petitions:

- Circulator signatures: You must invalidate any part petition that was circulated by a person whom you have a record has been convicted of a felony under the laws of this state, any other state or the United States.
- Petition signatures: Each person who signs a petition paper must be a qualified elector of the county in which the petition paper was circulated as of the date the petition is examined by the board. (R.C. 3519.15) If the part petition contains signatures from another county, the part petition is still valid, but only signatures from your county shall be counted, and the signatures outside your county are invalid. (R. C. 3519.10)

Returning the petitions:

- As soon as your certification of these part petitions is complete, **please return the completed form and all petitions to the Secretary of State's office no later than June 21.**
- You must deliver these part petitions to the Secretary of State's office either in person or by a method that provides for tracking of delivery (e.g. UPS, certified mail).

If you have any questions concerning the examination of the part petitions, please contact the Elections Division at (614) 466-2585.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Brunner".

Jennifer Brunner

INSTRUCTIONS AND CODE SYMBOLS FOR VALIDATING SIGNATURES ON PETITIONS

Each signature must be individually examined. If a signature is valid, place a red check mark at the left margin beside it. After checking an entire part petition, **write the number of valid signers** on the right side of the front page of each part petition; **write the initials** of the board employee who checked the part petition under the number.

If a signature is not valid, indicate the problem with it by using the following initials or, if no set of initials applies, an explanatory notation:

CIR	Circulator signed the part petition he or she was circulating. (This invalidates the circulator's signature as a signer, but not the entire part petition.)
DUP	"Duplication." The person has signed more than one part petition or twice on the same part petition.
ILL	"Illegible" applies only if both the signature and address are unreadable, so that it is impossible to check the signature against a voter registration record.
NA	"No address." The signer must have provided his/her complete address: house number and street name or RFD, and the appropriate city, village, or township. Failure to provide the name of the county of residence is not fatal <i>if</i> board officials can determine the county from the other information given. Ward and precinct information is not required.
ND	"No Date." The petition does not indicate the date on which the signature was affixed. (However, acceptable are: month-date-year, month-date, date out of sequence with other signers' dates, ditto marks.)
NG	"Not Genuine." The signature on the petition does not appear to be the genuine signature of the person whose signature it purports to be, compared to the signature on file with the board of elections as of the date the board checks the petition.
NR	"Not Registered." The signer is not registered to vote. Each person who signs a petition paper must be a qualified elector as of the date the board examines the petition.
NRA	"Not Registered Address." The address provided on the petition paper is not the address on file with the board of elections as of the date the board examines the petition.
OC	"Other County." The signer is a resident of some other county. Do not cross out signature or address; instead, place code at left margin.
P	"Pencil." The signature was written using a pencil <i>other than</i> an indelible pencil.

If the number of signatures on a part petition is ***more than the number indicated*** by the circulator, **the entire part petition is invalid.**

When invalidating an entire part petition, indicate the reason for rejection on the front of that part petition and separate it from any valid part petition. **Do not invalidate a part petition solely for the reason that it does not contain any valid signatures; it is a valid part petition, but it contains zero valid signatures.**

Finally, please fill out the certification form and forward it, with the part petitions, to the Secretary of State by a method that provides for tracking of delivery.
